PROFESSIONAL HELMET FITTINGS

If you already own a helmet, we can check to make sure that it fits properly for free.

If your helmet:

- Slips on your head in any direction
- Is too tight or too loose
- Doesn't stay in place during your ride

Then you need to have it properly fit!

You do NOT have to be a resident in the city where the clinic is hosted. NO appointment necessary.

First come, first serve. While supplies last.
